	Letter no A5-1166/45-46 dt 28-12-45 from the Dy Comm'r, Mandya &c forwarding a report on the matter
9	The report forwarded by the Dy Comm'r Mandya &c is submitted for perusal. It is stated that the sites in question were acquired by the MLC for purposes of slum clearing & road formation. The appellants contend that they were told at the time of acquiring the property that they would be given sites for an upset price and as promised sites were given at an upset price to some others & their cases were ignored. The Dy Comm'r reports that it is true that sites were given to some others at an upset price as they are poor and unable to bid at the auction sale & that as the appellants have houses to live in, the concessions shown to others were not shown to them.
11	Further, he reports that as the sites would fetch a decent sum if auctioned an order was issued for auctioning them.

Sir,

Sub - Disposal of certain sites by Public auction in Nagamangala Town

---

With reference to your letter No L 4619 dated 3-12-45 on the above subject, I have the honour to forward herewith the connected records and to state that the sites in question were acquired for the municipality for purposes of slum clearing and road-formation The Municipal Council, Nagamangala porposed to sell the sites by public auction for construction of neat little shops The Appellants petitioned to this office on 30-5-1942 for grant of the same sites for upset price for construction of houses The contention of the appellants was that the land was acquired for the Municipality on the assurance that the appellants and others would be given land at an upset price, that the Municipality accordingly granted sites at an upset price to others and that similar concession was not allowed to the appellants

It was ~~xxx~~ reported by the President, Nagamangala Municipal Council, that it was a fact, that sites acquired from other owners in the neighbour-hood were madeover to them for the construction of Dwelling houses for upset price The grounds on which this was done were that they were extremely poor, quite helpless in the matter of purchasing separate sites for constructing dwelling houses, that the case with the appellants was not similar to that of the other people, that the appellants had other houses to reside in and that above all, the municipality, the financial position of which was very poor, would realise a decent amount by putting the sites to public auction and the sites were more favourably situated for constructing neat little shops Considering the above facts, it was ordered in this office order No A5 2725/41 dated 17-4-1945, that the sites might be disposed of by public auction, on condition that the purchasers should build on them houses or shops as per type-design to be given by the Municipality

Accordingly the sites were sold in public auction on 24-11-45 and the municipality has realised a sum of Rs 1680/- from the sale

The enclosures received with your letter under reference are returned herewith for favour of reference
